STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Pembroke in the County of Merrimack in said State, qualified to vote in the Town affairs:

You are hereby notified to meet at the Community House in said Pembroke, on Tuesday, the ninth day of March, next, at nine o'clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To choose delegates to a convention to revise the Constitution in accordance with the provisions of Chapter 77, Laws of 1947.

3. To hear and act upon the report of the Town Ways and Means committee.

4. To see if the Town will authorize the Selectmen to borrow money in anticipation of taxes.

5. To see if the Town will vote to authorize its Selectmen to sell any real estate which the Town may have acquired by deed as a result of non-payment of taxes; and to authorize the Selectmen to give a deed in the name of the Town to the purchaser of such land.

6. To see if the Town will authorize the Trustees of Trust Funds to sell any available lots in the Town cemeteries; to see if the Town will authorize the said Trustees to give a deed in the name of the Town to the purchasers of such lots. All sums received from the sale of such lots shall be used for the general care and maintenance of Town cemeteries.

7. To see if the Town will vote to rescind articles 7 and 8 in the 1946 warrant and return the money raised and appropriated to the general funds of the town. Said articles being as follows:

"7. To see if the Town will authorize the Selectman to purchase of Clarence E. Loso and Jessica Loso, for highway purposes, a strip of land fifty feet in width extending from the northerly end of High Street to land of Alice Holt and also a strip of land running westerly from Broadway to where it will intersect the proposed High Street Extension, said strip of land to be fifty feet in width, the exact location of the same to be agreed upon between the Selectmen and the said Clarence E. Loso and Jessica Loso; to see if the Town will vote to raise and appropriate the sum of Six Hundred Dollars ($600.) to pay for the said land.

8. To see if the Town will authorize the Selectmen to make a survey of the proposed streets and will vote to accept and maintain the proposed streets referred to in article 7."

8. To see if the Town will authorize the Board of Water Commissioners to make certain improvements to the Pembroke Water System for the construction, repairing, laying, relaying, enlarging or extending the present pipe line; repairing, enlarging or extending the present auxiliary supply at the "Old Reservoir" so called, in Allenstown; acquiring such additional real estate, rights in real estate, water rights, easements, and other rights and property, as the Board may consider desirable or necessary, and in general to make such other repairs or improvements as the Board may deem wise and proper for a more suitable efficient and adequate water system.

9. To see if the Town will authorize the Selectmen to borrow a sum of money not extending two hundred

thousand dollars ($200,000) on the credit of the Town from time to time as the same may be deemed necessary and expedient for the purpose of defraying the expense of purchasing real estate, rights in real estate, water rights, easements, and other rights and property, and for the construction, repairing, extending and enlarging said water works as stated in Article 8, and to issue from time to time the serial notes or coupon bonds of said Town. If coupon bonds are issued they shall be in the denomination of either five hundred dollars ($500) or one thousand dollars ($1000) each, or both, payable to bearer, bearing interest at a rate not exceeding 2½% per annum, payable semi-annually. Said serial notes or bonds and coupons to be in the form prescribed by the Municipal Bond Statute, Chapter 72 of the Revised Law and all amendments thereto; said serial notes or bonds to be signed by a majority of the Selectmen of said Town and countersigned by the Treasurer of said Town in accordance with said law. If coupon bonds are issued, they shall be sold by competitive bidding. The first series of said bonds, in the amount of Ten Thousand Dollars shall become due and payable within two years from date of issuance; thereafter, bonds in the sum of ten thousand dollars shall be due and payable each year until the balance of all the bonds issued shall have been paid. All of said serial notes or bonds issued shall be exempt from taxation when held by the inhabitants of any town in which said Water Works may extend.

Articles 8 and 9 are drawn pursuant to the provisions of Chapter 306 of the Laws of 1913, the same being the enabling act establishing the present Pembroke Water Works.

10. (By Petition) To see if the Town will vote to accept a strip of land owned by Norman Smith 40 feet wide and about 433 feet long, for a future street leading off Glass Street to top of hill between Fred Cloutier's house and Smith's Service Station and to be known as Smith

Road. This street is to lead to 10 house lots, 6 of which have already been purchased.

11. (By Petition) To see if the Town will raise and appropriate the sum of Two Hundred Dollars ($200) for a series of Band Concerts.

12. (By Petition) To see if the Town will vote to raise and appropriate the sum of Twelve Hundred Dollars ($1200.00) to build a cement sidewalk. From the corner of the Town Clock building to the old Police Station on the north side of Front Street.

13. (By Petition) To see if the Town will vote to raise and appropriate Five Hundred Dollars ($500) to build an asphalt sidewalk on Pembroke Street beginning at the end of the present hard surface sidewalk and continuing north as far as the appropriation will allow.

14. (By Petition) To see if the Town will vote to raise and appropriate the sum of Three Thousand Dollars ($3000) for oiling the road, starting at the William F. Baker residence, leading to Pembroke Hill.

15. (By Petition) To see if the town will vote to raise and appropriate the sum of Five Hundred Dollars ($500.00) to be set aside as an accumulative Library Fund for building purposes.

16. (By Petition) To see if the Town will vote to raise and appropriate the sum of Three Hundred Dollars ($300.00) to build a sidewalk on the north side of Pleasant Street from the corner of Broadway to Prospect Street.

17. (By Petition) To see if the Town will vote to raise and appropriate the sum of Twelve Hundred Dollars ($1200) to build a cement sidewalk on the East side of Prospect Street starting from the residence of A. McMillan to Pine Street. And continuing on the South side of Pine Street to Broadway.

18. (By Petition) To see if the Town will vote to raise and appropriate the sum of One Thousand Dollars ($1000) to build a cement sidewalk on the north side of Pine Street starting from Broadway to High Street.

19. (By Petition) To see if the Town will vote to accept and maintain a street, beginning on Upper Broadway and extending in an easterly direction to the intersection of Mr. Taggarts' property. Street starting between Eugene Pelletier and James Maguire's property.

20. (By Petition) To see if the Town will raise and appropriate the sum of Five Hundred Dollars ($500.00) to constitute the initial payment to a fund to produce a Town history to cover the period from the end of the present Town history to the date of publication of the history provided for by the fund raised and appropriated hereby;

Also to see what action the Town will take towards constituting a Town history committee to begin the accumulation of information so that such history when finally printed may be accurate and complete.

21. To see if the Town will vote to raise and appropriate the sum not exceeding $199.25 (1-100th of one percent of the town's valuation based on the 1947 assessment) to the Merrimack Valley Region Association for the purpose of publicizing and promoting the natural advantages and resources of the town in cooperation with the other 37 communities in the Merrimack Valley Region.

22. (By Petition) To see if the Town will vote to accept a deed from Victor R. Girard to a strip of land forty feet in width, beginning at Pembroke Hill Road and running in a general northerly direction for approximately 500 feet as shown on a plan of Pembroke Hill Development. This land to be used and maintained as a street as surveyed and laid out on said plan; said Girard to remove the top soil and the Town to grade and gravel the same as

houses are built thereon; and raise and appropriate money therefor.

23. (By Petition) To see if the Town will vote to install and maintain a street light at the corner of Buck Street and the road leading to Bear Brook State Park.

24. (By Petition) To see if the Town will vote to raise and appropriate the sum of One Thousand Dollars ($1000) for the continuation of the sewer on the Pembroke Hill Road to the property lines of Cecil McKay and Henry Cote.

25. (By Petition) To see if the Town will vote to raise and appropriate the sum of $450.00 for the construction of a sewer from the end of the present sewer on Pembroke Hill Road northerly along Elm Street, so called, for a distance of 500 feet.

26. To hear the reports of auditors, agents and committees, or officers heretofore chosen, and pass any vote relating thereto.

27. To transact any other business that may legally come before said meeting.

The polls will be open until six o'clock in the afternoon.

Given under our hands and seal, this sixteenth day of February, in the year of our Lord nineteen hundred and forty-eight.

REPORT OF PEMBROKE FIRE DEPARTMENT

Appropriation	$ 4,600.00
Expenditures	4,654.48
Increase over appropriation	$ 54.48

The total fires involved property of the value of approximately $258,500 upon which fire losses of $26,850 were paid. This shows slightly under 10% fire loss on all fires.

Respectfully submitted

CHESTER T. ROBINSON
Fire Chief

FOREST FIRE PROBLEM SERIOUS

The year 1947 was one of the worst periods of drouth and forest fire occurrence in eastern United State history. Lack of water ruined crops, lowered water levels and dried up brooks everywhere. Three months of deficient rainfall and abnormally high temperatures resulted in many fires which were mostly well controlled and kept within bounds. Only the high winds beginning on October 23rd caused a few fires to escape beyond immediate control. These few fires resulted in burning some 15,000 acres and the loss of 63 or more buildings in four New Hampshire towns.

All October fires were costly. They burned deeply in the ground and required day and night patrol of large crews of men until the rains came late in October. Towns which escaped from serious fires might easily have been in the midst of the most serious conflagrations we had.

Governor Dale closed the woods effective at midnight of October 15th. With the blow-up of October 23rd, a second proclamation closed all back roads and authorized towns to inaugurate patrol. The effect of this was to cut down subsequent fires for the rest of the dry period.

Local fire warden forces performed an admirable job to hold the more than 200 fires that occurred during this October period. Many men were taxed to the utmost as the emergency continued. To them and all those who did their work, the people of New Hampshire owe a debt of gratitude. The state forest fire control agency based on local town wardens and town crews wherever adequately equipped rose to the occasion and met the test in whatever town their services were needed.

It is now time to take stock everywhere of our fire fighting facilities for the season ahead and to make them

adequate where necessary. To this end town fire plans and training programs for wardens, deputies and other key men in each district are being arranged or in progress. If equipment and tools are insufficient properly to equip the available man power in each community with the right tools for the job, they should be provided for at once. The yearly addition of fire tools to the town supply will generally need to be built up. The state sells tools to the towns and shares one-half their cost. Good equipment is important and can help greatly to keep both damage and fire costs at a minimum.

For many years we have requested our wardens not to issue burning permits except on rainy days. This regulation will be in effect again this year as it is one of the best means of assuring such fires from getting out of control. Nine out of every ten fires can be prevented, 98 percent of all fires being due to human carelessness. Be sure to get a permit for any fire in or near wood and when the ground is free from snow. Be sure your fires are always out before you leave them. Help us in getting the travelling public to keep from throwing out lighted matches or cigarettes. Be careful of all fires in or near woodland.

THOS.J. KING,

District Fire Chief

1947 *Fire Record*

Number of Fires	3
Acreage Burned	2½
Number of Fire Permits Issued	8

MARCELLOUS ROWE,

Forest Fire Warden

N. H. STATE BOARD OF HEALTH

The Selectmen,

Suncook, N. H.

All teachers are required to be at school before 8:15, a. m.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board of Pembroke:

In accordance with the rules of the School Board and the laws of the State of New Hampshire, I am pleased to submit my first annual report as Superintendent of Schools for the Town of Pembroke.

Since my election, my time has been spent chiefly in studying the problems of the entire Union, watching the schools in action in each district, becoming acquainted with the teachers, children, and citizens, attending meetings of the school board both regular and special, checking equipment, books, and supplies, trying to discover the strong and weak points of each system so that a thorough understanding of the needs of your boys and girls may be emphasized, and gathering data which will be necessary for future reference.

It is, then, fairly apparent that any recommendations made at this time would be somewhat superficial and would not present the best picture of what should be done. Therefore, during the coming year advice will be suggested only after careful consideration and study of the available material and the educational welfare of the children of the town.

APPRECIATION

I wish to express my appreciation to the School Board for the confidence it has shown toward me since July 1947. The patience and courteous consideration you have expressed in my behalf and for the children of the town is humbly received and I shall endeavor to merit your continued confidence in my efforts as your educational advisor and executive officer.

I wish also to express my appreciation to the pupils, teachers, and citizens of the town who have so generously helped to make the schools what we all hope they should become in the educational process and development of learning.

ACCOMPLISHMENTS

Since taking office as head of the Pembroke Schools, I have been impressed by the seriousness and desirability of the School Board to develop and complete the projects necessary to insure good schools. The cooperation of its members in all emergencies as well as regular routine matters has been frank, earnest, and constructive. I am thoroughly convinced that the board as well as the public wants the best schools possible. In keeping with this desire, I am bringing to the attention of the town the following items as commendable accomplishments:

Tests and Testing

Testing is very important in the development of modern youth in his educational growth. Although much time must be spent to administer such a program, the results have proved worthwhile and desirable. It has been the custom in the past to test the boys and girls at the close of the school year to determine in part whether or not a youngster should be promoted to the next grade or graduated. After discussing the project at considerable length, mental ability and achievement tests were administered to all pupils in the fall. After correcting and tabulating, teachers were able to concentrate upon the weaknesses of their pupils with the entire year to work out individual problems. This innovation in the schools of the town has been a challenge to every teacher and a decided aid to the educational development of the pupil. The cooperation of the teachers was excellent even though it

meant extra work in the correction, tabulation and study of the tests.

Marking System and Report Cards

Probably one of the most important changes made since September was the simplification of the report card and the introduction of a new marking system.

Evaluation of the work of the boys and girls in the school is a subjective matter at best and considerable time is spent every six weeks in order that a fair and accurate report may be made to the parent of the classroom activities of the child. Many prominent educators have opposed this type of report because of its subjectiveness and the fact that it does not measure the whole child. However, as long as the colleges and the State Department require some form of summary of pupil progress, New Hampshire schools must continue to keep such records. It has always been the intention of the present administration, however, to make such a report as brief as possible yet to advise the parent of the child's progress in its simplest form. It is my opinion that the new system has met widespread approval in the community.

Standardization of Permanent Records

The permanent records of the pupils and the schools have been standardized. This method of permanent record-keeping in the schools is in use all over the country and should prove an asset to pupils, teachers, parents, and future administrators.

School Lunch Program

The continuation of the school lunch program is a vital phase in the educational development of the schools. Although this program requires considerable supervision, the board has never questioned its need. We have been very fortunate in securing, free of charge, a few items which

have been helpful in extending the quality of the meals. These food articles will continue to be received as the year progresses. To add to these donations, the school is reimbursed financially for the type of meal served up to nine cents for every twenty-five cent charge. Since the program is non-profit making, the children who avail themselves of this service, which is balanced to meet State and Federal requirements, receive the full value of the meal in better food cooked to meet the taste of everyone. This program is not only a step in the right direction for a healtful meal, but the supervision of this noon lunch in right attitudes should have far-reaching results. The Board is commended for this phase of education.

Hill School

The Board voted to close the Hill School and transport the boys and girls to the village school. This step was a move in the right direction, not only from the economic point of view, but also from the standpoint of the pupil improvement. The Board made all possible concessions to these youngsters in order that they could have the advantages of the larger system and the associations which will enable them to become better citizens of the community. Educational trends from the leaders together with the Study by the Commission appointed by the State Legislature point out that consolidation must come to New Hampshire if the younsters of the State are to compete with modern life. The Board should be congratulated in its educational vision.

Repairs and Expansion

Because of the increase in the number of pupils, the first and second grades were divided and another teacher was elected to take grade one. The seventh and eighth grades have increased in size and it was necessary to arrange for another classroom. This required considerable alteration of the building involving a partition at the head

of the stairs, removal of another partition between the supply rooms, and the plastering and installation of new lights. New desks and chairs were purchased to meet this change. All along the line new chairs and desks were increased in number to meet the increase in every classroom. Many minor repairs were made to preserve the building until such time when the town is ready for the construction of an addition to the present plant. This expansion has placed considerable strain on the budget because of the increased cost of material and labor. Nevertheless, the Board should be commended for the fulfillment of its convictions and its educational acumen.

Textbooks, Supplies, and Equipment

Textbooks, supplies, and equipment have been brought up to date. It was found that many textbooks were of the vintage of the 1920's and early 1930's — obsolete and out of date.Basic and supplementary readers, geographies, arithmetics, science books, and many items of equipment and supplies including magazines and maps, were added.

Teachers

Teachers are still at a premium and the Board is fortunate in having a core of instructors of such calibre in charge of its children. With one or two exceptions, the present staff would be hard to duplicate. Probably the greatest improvement in this department was the teacher in Grade one and the principalship. The remainder of the staff has been able to concentrate upon the actual instruction of the boys and girls assigned to them without feeling set apart in isolated rooms. The entire atmosphere has changed to bring the efforts of all toward the same goal in the spirit of cooperation and harmony and for one reason alone, the education of the children of the town. It has been a pleasure to know that the Pembroke Schools have been in good hands.

The teachers of the school are listed as follows:

Donald L. Chase, *principal*	—	Grade 8
Helen G. Huckins	—	Grade 7
Anne W. Gladysz	—	Grades 5-6
Gertrude E. Chase	—	Grades 3-4
Gertrude G. Gooden	—	Grade 2
Bertha M. Hickey	—	Grade 1
Beulah Douillette	—	Grades 1-6
Ruth H. Hayden	—	Home Economics
Mabel E. Reed	—	Music
Adonia A. Douillette	—	School Nurse

Transportation

It would be unfair not to inform the citizens of the town of the interest and generosity of the transporters in their efforts to keep an accurate schedule and in meeting the changes necessary to coincide with the closing of the Hill School and the increased number of pupils.

Recommendations

In view of the fact that the School Board has been very active in the matter of school improvements, it would seem logical to withhold recommendations at this time. However, there are one or two items that should be brought to your attention at this time.

Tuitions

This item in the 1947-48 budget claimed nearly 35 percent of the amount raised and appropriated. The 1948-49 budget calls for an even greater amount. This item is set by the State Department which requires every school district to pay the tuition of any boy or girl who wishes to attend a high school or academy. The tuition rate was increased from $123.79 in 1946-47 to $138.89 in 1947-48 and without doubt will be increased to nearly $150 for 1948-49. It is, therefore, very important that provision be made for the next school year for this item.

Health Supervision

Your nurse, Miss Adonia A. Douillette, receives $2400 from five districts distributed as follows: Allenstown $553.46; Bow $301.89; Epsom $188.68; Hooksett $528.30; and Pembroke $827.67. Her salary is based upen the number of pupils in each district for the previous year. This means that her salary includes her traveling expenses from her home in Suncook to the various schools in the above districts. It also includes her trips to Concord, Manchester, Boston, Hanover, Laconia and wherever it is necessary to transport a child or group of children. She is on call at all times and through her generosity makes many special trips in connection with her work. It is my opinion that the time has come to realize the great part the school nurse plays in the school system and the personal interest she takes in each and every child regardless of expense. For that reason I recommend that an adequate amount be set aside in the budget for reasonable expenses of traveling for your school nurse.

Textbooks, Supplies, and Equipment

Your urgent and immediate attention is called to the fact that these items have advanced in price from 10 to 40 percent since October 1946 and the supply houses have informed all superintendents that a further increase can be expected by March first. The cost of education especially in these items has increased with every other item in the life of the individual and some provision must be made to meet this situation in the 1948-49 budget.

Repairs

Besides the minor repairs necessary in every building after a year of wear and tear by a group of pupils and teachers, I call your attention to the need of repairing the windows of the building. They need to be reset and the cords need to be replaced if you wish to save this part of

the building until such time as the construction of an annex is completed. In connection with this situation, a study should be made of the heating system or the loss of heat due to poor insulation in the corridors.

Teachers

The mounting costs of education as well as the cost of living in general crystallizes many items in the budget. Among those which should have particular attention pertains to the teachers and their salaries. In general, we have an excellent staff. The cost of instructors in the open market today would cost at least $2000 for inexperienced graduates. It is my recommendation that provision be made in the 1948-49 school budget for this factor.

Manual Training

More space is vitally needed for the manual training program. Unless the district is prepared to take this step, many youngsters cannot receive the training to which they are entitled.

Building Construction

I should like to emphasize the fact that very serious thought must be given to an addition to the building. All surveys show an increasing pupil population. The time is very near when it will be impossible to construct partitions to house your boys and girls for the diversity of modern education in the present plant.

May I again thank the individual members of the School Board for the assistance and advice so generously given in my behalf and in the interests of the pupils, teachers, and citizens of the Pembroke Schools.

Respectfully submitted

MURRAY H. WATSON

Superintendent of Schools

February 1, 1948

REPORT OF HEADMASTER OF PEMBROKE TO TRUSTEES AND SUPERINTENDENT OF PEMBROKE ACADEMY FOR THE YEAR 1947

Teaching Staff and Enrollment

School opened Wednesday, September 3, 1947 with eight regular and two part-time teachers, and one hundred sixty-seven pupils.

The present staff is as follows:
Jarvis T. Beal, Headmaster, Administration and Science.
Vernon Lewis, Submaster, Social Studies and Athletics.
Edward Currier, Mathematics, Science, and Athletics.
Ernest Proulx, Industrial Arts and Athletics.
Mabel Hayes, English, Dean of Girls.
Frances McCushing, English, French, and Latin.
Geneva Moore, Home Economics.
Elizabeth C. Morrill, Prize Speaking and Dramatics.
Mabel Reed, Music.

There were only two changes in the Faculty Staff this year. Miss Hayes succeeded Miss Frances McCushing, and Miss Moore took over Miss Pitraszkiewicz's job as Instructor in Home Economics.

Since the opening of school, six pupils have come and twenty-six have gone. This latter number is large compared to the figure (16) of last year. These twenty-six are divided: — 1 P. G., 1 senior, 6 juniors, 4 sophomores, and 14 Freshmen. The towns are represented as follows: Allenstown 7, Epsom 1, Hooksett 2, Pembroke 16. Of this total number seventeen pupils have left school presumably for good, while nine have transferred to another school in or out of the State.

Distribution of Pupils

Pupils are distributed by classes as follows:

	Boys	Girls	Total
Seniors	14	10	24
Juniors	17	25	42
Sophomores	17	24	41
Freshmen	15	24	39
	63	83	146
P. G.			1
Total			147

The distribution of pupils by towns this year shows: Allenstown 40; Epsom 30; Hooksett 14; Pembroke 89. Their distribution by curricula shows a well-balanced selection of electives in addition to the required courses. The Age-Grade table shows: seniors — 17 years 8 months; juniors — 16 years 4 months; Sophomores — 15 years 6 months, and Freshmen — 14 years 2 months.

Class Organization

Seniors

Class Advisor, Mr. Vernon Lewis
President, Gerard Letendre
Vice President, Gary Freeman
Secretary, Robert Bartlett
Treasurer, Margaret Lappas

Juniors

Class Advisor, Mr. Edward Currier
President, Norman Connor
Vice President, Robert Courtemanche
Secretary, Marilyn Hillman
Treasurer, Carleton Rand

Sophomores

Class Advisor, Miss Anne McCushing
President, Charles Connor
Vice President, Geneva Richard
Secretary, Barbara Caswell
Treasurer, Maurice Gagnon

Freshmen

Class Advisor, Miss Rosamond Batchelder
President, David Poisson
Vice President, Marilyn Bockus
Secretary, Faye Lewis
Treasurer, Arlene Connor

GRADUATES

An exceptionally large number of graduates, especially returning Service Men, have continued their studies in College, The University of New Hampshire and Keene Teachers College have been the most popular choices. Several of our Commercial graduates have made a name for themselves and for the school by doing well in their jobs in Suncook, Manchester, and Concord, with the result that I have several notices of open positions which I have been unable to fill.

Extra — Curricula Activities

The major activities planned for any year are: Interscholastic competition for boys and girls in Athletics, Debating, Dramatics, and Music. There are four major invitation dances (one for each class) and generally an Armistice Ball and a Carnival Ball in addition; two Prize Speaking Contests, (Memory and Original); a Senior Play, and a School Play or Operetta. The Commercial Depart-

ment puts out a New Sheet every six weeks, and aids in the publication of a Year Book.

Mrs. Elizabeth C. Morrill has charge of the Prize Speaking Contests, in which she is aided by the English teachers. She also helps in the coaching for the Operetta and the dramatics.

Mrs. Mabel Reed, of Manchester, is Music Supervisor. Under her direction the Operetta "Jeanie" is being presented in April 1948. Mrs. Reed has organized a School Chorus as well as Boys' and Girls' Glee Clubs.

In the Memory Prize Speaking Contest this fall the winners were John MacEachern, Naida Wells, John French, and Lucille Brooks in this order.

Group lessons in Skiing and Social Dancing are planned for this year. Between fifteen and twenty-five pupils have been out for two lessons in Skiing under the supervision of Mr. Philip Carter of Hooksett. On Saturday, January 31, a very successful Winter Carnival was held, the seniors winning the Victory Trophy for this year. It is unfortunate that there is no suitable place for skating in this vicinity. It seems to the writer that the State should be encouraged to develop the Bear Brook area as a winter sport center for skiing, snowshoeing, and skating.

Pembroke Academy is a member of the Central N. H. Basketball League. Both boys' and girls' teams are inexperienced this year but are doing well in competition. The teams have been equipped with new uniforms in basketball and baseball, and a new electric scoreboard has been purchased.

Conclusion

Many of the projects suggested in my last report have been accomplished. There still remains much to be done in the fields of Guidance, Social Service, and Physical

Education. There is no regularly supervised Health Program. The hazard of walking in the streets because the sidewalks are not plowed out, is a serious one. Parents should not wait till someone is seriously hurt before facing this issue squarely and doing something about it.

Much more interest is apparent among parents and citizens, and much more constructive help is forthcoming from the State Department and Federal Agencies. These are good signs!

I want to thank the teachers, the Trustees, and both Superintendents Harmon (retired) and Watson for their untiring efforts on behalf of the pupils and the school.

Respectfully submitted,

JARVIS T. BEAL,
Headmaster

Vital Statistics
